

MAINTENANCE

POWER & PERFORMANCE. Your Polaris ATV or Side-by-Side is built to take a pounding on the toughest terrain on earth. Keep it that way by following maintenance schedules and insisting that all the filters, oils and lubricants used in your machine are Pure Polaris. They're designed and formulated specifically for your Polaris vehicle, with the highest quality ingredients to keep the engine, transmission, drive train, suspension and brakes operating at peak performance.

A. K&N AIR FILTERS

- Less restrictive than stock filters
- Enhances air flow without sacrificing filtering efficiency
- Reusable

PART NO. 2871786

FITMENT Sportsman 335/400/500/600/700/800, Xplorer 500, Sportsman 6x6, Scrambler 500, Xpedition 325/425, Trailboss 325 (2000-01), Diesel, RANGER 500

PART NO. 2871508

FITMENT Magnum 425, Scrambler 400, Sport, 400L, Big Boss 500, Xplorer 400

PART NO. 2874209

FITMENT Predator MY 03-07

PART NO. 2876739

FITMENT Outlaw 525/IRS

A

B. AIR FILTERS

- Clean air filters allow maximum engine horsepower / decreases engine wear
- Decreases risk of engine fuel delivery problems / maximizes fuel economy
- Designed to trap tiny particles but still allow engine to breath properly
- Air filters should be inspected before each ride. Filter and pre-filter need to be replaced at least annually and more often if subjected to severe use.

PART NO. 7080595

FITMENT 4-stroke models (except Outlaw 325/330/300)

PART NO. 1253355

FITMENT 2-stroke models (except Scrambler 400, 2x4, MY 02-03 Trailblazer 400)

PART NO. 1253118

FITMENT Scrambler 400, 2x4, MY 02-03 Trailblazer 400

PART NO. 1253372

FITMENT Trailboss 325/330

PART NO. 7081308

FITMENT Ranger 400/500/700/800

PART NO. 1240482

FITMENT RZR, RZR "S"

PART NO. 7080369

FITMENT Select 250/300/350/400 2-stroke models

B

C. OIL FILTERS

- Manufactured at a higher standard - uses only the highest quality materials
- Designed to better handle the oil volume and flow of Polaris engines
- Clean oil increases engine life. For most ATVs and RANGERS, oil and filter should be changed initially at 25 hours on new engines and every 100 hours or 6 months after that (25-50 hours for severe duty). For Outlaws, the initial change is at 3 hours and every 15 hours or 6 months (whichever comes first) after that.

PART NO. 3084963

FITMENT All 4-stroke models except Sportsman 600/700/800, Predator

PART NO. 2540086

FITMENT Sportsman 600/700/800, RANGER 700/800, RZR, RZR S

PART NO. 2520799

FITMENT Sportsman XP 550/850, MY09 RANGER 500 EFI

PART NO. 3088036

FITMENT MY04-07 Predator 500, MY 06-07 Outlaw 500

PART NO. 2520755 (Short)

FITMENT Outlaw 450/525/S

PART NO. 2520754 (Long)

FITMENT Outlaw 450/525/S

C

D

D. PREFILTER

- Slips over stock air filter
- Extends life of air filter
- Water repellent - can be cleaned many times

PART NO. 5811633

FITMENT All 4-stroke models except 325/330 and Predator

E

E. DRIVE BELTS

- Engineered, tested and guaranteed to fit and perform on Polaris machines
- Lowest tolerances (.188") - provide the most consistent performance
- Precision measured to ensure stringent tolerances are met for both length and width

PART NO. 3211077

FITMENT Select 250/300/325/330/350/400/500 models

PART NO. 3211069

FITMENT Select 325/500 Magnum/Diesel/Sportsman 500

PART NO. 3211091

FITMENT Select Sportsman 500/600/700/X2 models

PART NO. 3211095

FITMENT Select Sportsman 500 models (2003-5)

PART NO. 3211106

FITMENT RANGER 700/Sportsman 800

PART NO. 3211113

FITMENT Select MY07-09 Sportsman 500/700/800/RZR

PART NO. 3211133

FITMENT MY08-10 RANGER 700/800 4x4, XP, Crew, 6x6, RZR S

F

F. BRAKE PADS

- Engineered, tested and guaranteed to fit and perform on Polaris machines
- Replacing worn brake pads at the recommended service limits ensures maximum stopping power and avoids major brake repair expense
- See service manuals for brake pad thickness service limits
- See parts catalog for exact machine fitment

PART NO. 2202412 Front brake pads (4)

FITMENT ATV/RZR/RZR "S"

PART NO. 2202413 Front/rear brake pads (4)

FITMENT RANGER

PART NO. 2202414 Rear brake pads (2)

FITMENT ATV

PART NO. 2200465 Front/Middle brake pads (4)

FITMENT ATV

G

G. BATTERIES

- Polaris uses only the highest quality batteries
- Have strong cold cranking amps for most starting applications
- Plenty of reserve capacity for accessories
- Easy-to-see electrolyte check
- Engineered, tested and guaranteed to fit and perform on Polaris machines

YB14A-A2 (4140006) / YB30L-B (4010630) / (4011224)

- Designed to withstand severe vibrations
- Uses Yumicron separator that provides 30% more cranking power than conventional battery
- Added power ideal for heavily accessorized machines and high compression engines

YTX20HL (4011496) / YTX14AH (4010774) / (4011138)

- Higher cranking, spill-proof, maintenance free batteries
- Discharges less in storage and has longer life than conventional batteries
- Most compact design

Y1X30L (4010595)

- Uses VRLA technology that eliminates water loss
- Permanently sealed - maintenance free
- Lead calcium design equals longer times between charges during standby periods

PART NO. YB14A-A2 (4140006)

FITMENT Multiple product lines - see parts catalog

PART NO. YB30L-B (4010630)

FITMENT Select Sportsman 500/600/700/RANGER 500/700

PART NO. Y1X30L (4010595)

FITMENT Select Sportsman 500/700/800 - Touring and X2

PART NO. YTX14AH (4010774)

FITMENT Multiple product line - see parts catalog

PART NO. 4011224

FITMENT Sportsman 800/Sportsman 850

PART NO. 4011138

FITMENT Select Trail Boss, Trail Blazer, Scrambler, ATP, Sportsman 400/450/500
